

How scary, mumbled Gandalf, having just “swiped left” on a hot babe on Tinder. There is any number of these hot babes of which I was completely unaware... I swipe left and yes, another one appears!

Quiet Gandalf, whispered Sonic the Hedgehog. Quiet Gandalf replied, do you need help? No, replied Sonic. I’ve just found an entrance into the volcano where Sauron is. Sonic, mumbled Gandalf, you may have found an entrance, but I find myself presently completely en-tranced in you! And I have half a mind to quit looking for babes on Tinder. Quiet Gandalf, whispered Sonic the Hedgehog. I’m going into the volcano, he said.

Sonic crawls through a crawl space. The Hedgehog says, Gandalf, are you close behind, Gandalf replies yes my friend, although you simply must see these babes on my telephone. You used to call me on my cellphone, said Sonic the Hedgehog. He sprung into Sauron’s lair only to find Sauron embracing Newt Hoenikker from Cat’s Cradle!

What, said Sauron, is it time to squash these heroes already? Newt said yes! Sonic the Hedgehog curled into a ball and flung himself at Sauron who was attacked immediately. Newt rebounded and attacked in a fit of passion for his lover!

Oh, my previous, said Sauron, seeing Newt attack his enemies. The enemy of my enemy truly is... My enemy?

Meanwhile, to Sonic, Newt was expressing his own dissatisfaction with Sauron as a boyfriend and Gandalf got him onto Tinder, and Newt was immediately swiping every which way on the most beautiful babes to have ever graced the earth!

Newt spun around to meet Sauron’s gaze and broke up with him, Gandalf started doing something stupid and Sonic said Quiet Gandalf. Sauron was in tears and Newt made him promise to skip to the end of the lord of the rings story for a chance to get back together! Sauron caused the end of the Lord of the rongs books to happen and Sonic the Hedgehog was apleased.

Sauron asked Newt, I love you and I need you again. We’ll have to see about if I go back out with you, A hoo hoo hoo hoo! Replied Newt.

- One year later -

Sonic chops celery in the living room kitchen and Gandalf enters covered in babes. Celery? Asked Sonic the Hedgehog, No thanks said Gandalf. *I’m full from pussy!*

It’s time for a change replied Sonic the Hedgehog. He vowed to go on more

*The Penarth Hooter spares you any more of this.*
